FIFTEEN CENTS

## New subdivision plans discussed

Village trustees met Monday night for preliminary discussion of a pre-annexation agreement between Joseph Patrovsky and the village of Antioch.

Patrovsky, owner of the Antioch Packing House, has petitioned to annex 123 acres of land to the village.

His petition has been approved by the planning commission, "subject to approval by the village engineer," and the zoning board.

The petition now awaits approval by the village board.

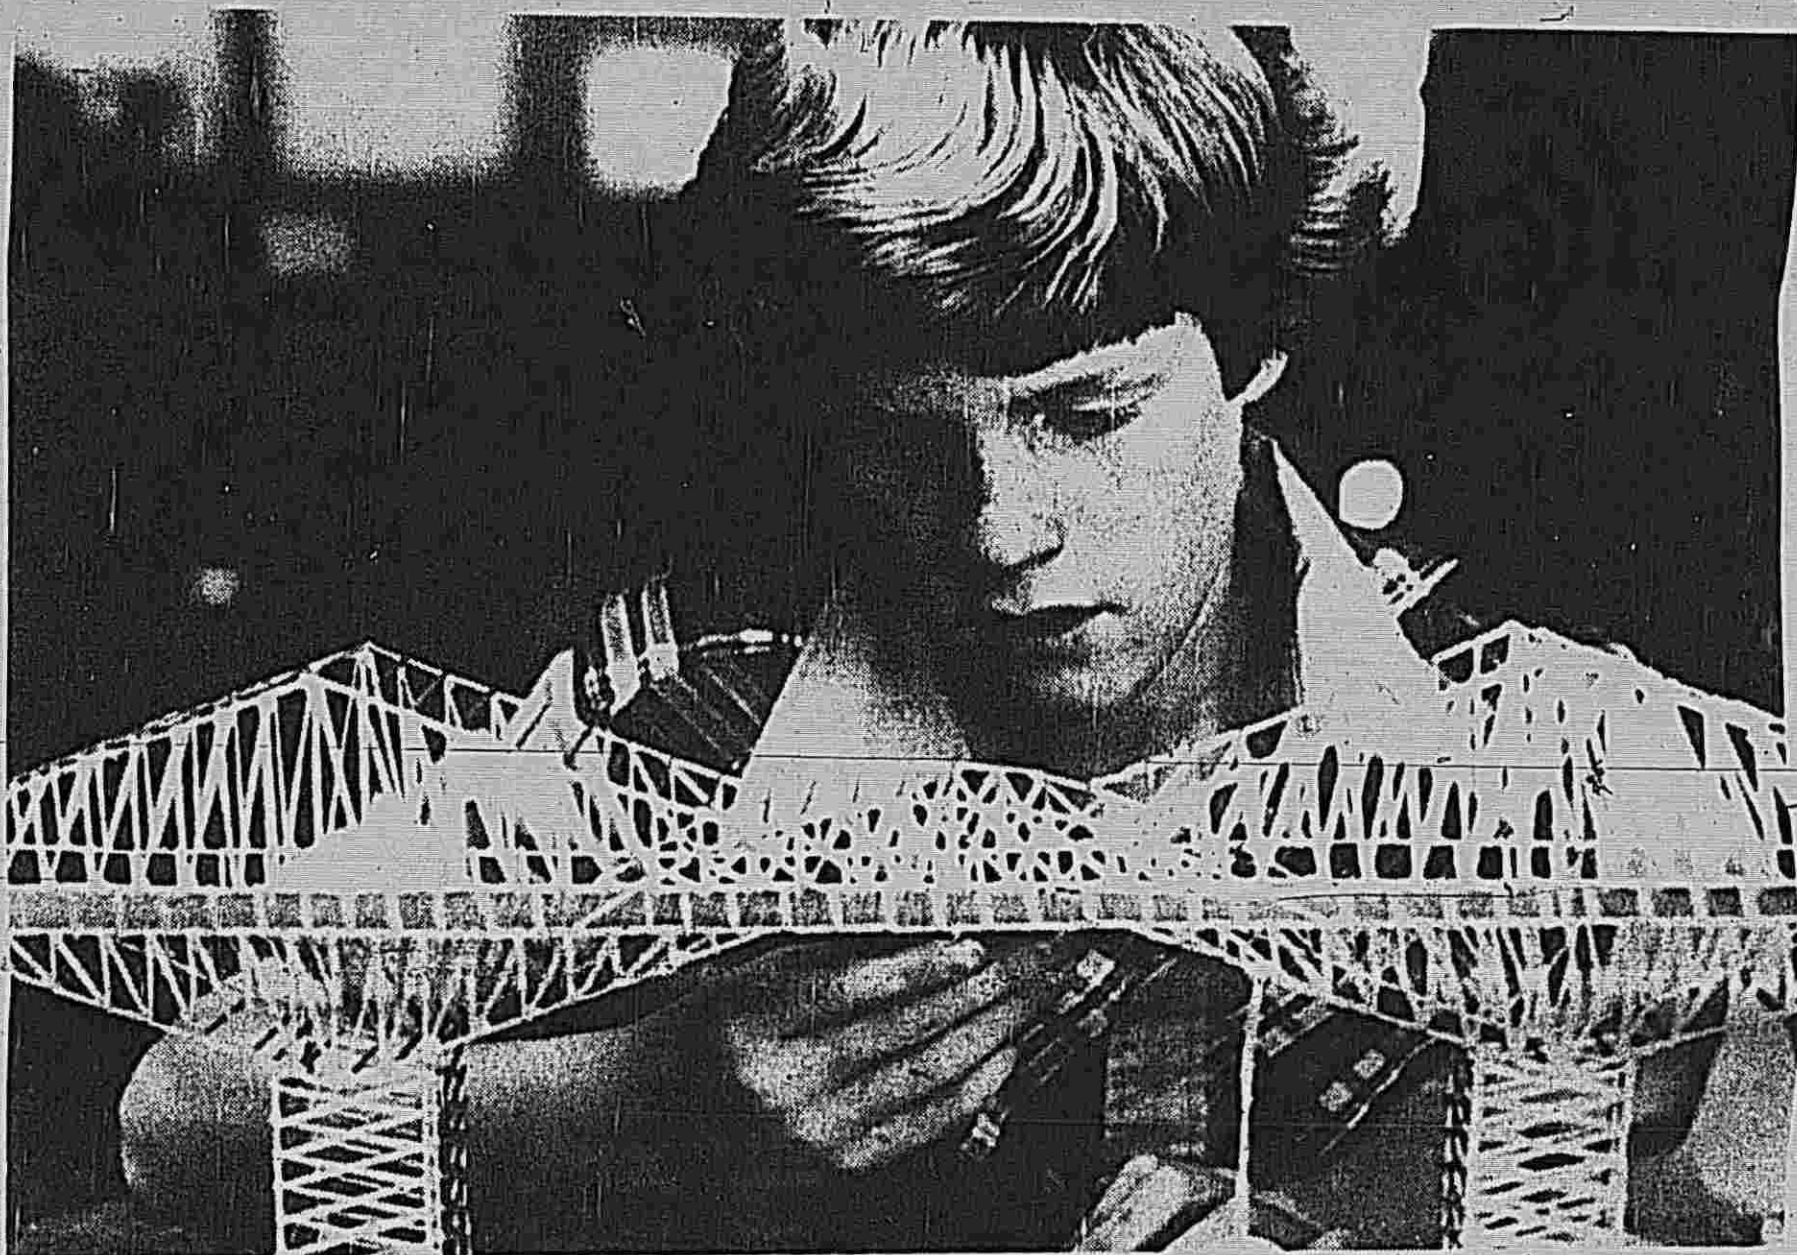

Present at Monday night's meeting were Patrovsky, Frank Furlan, of Northern Illinois Survey Co., Waukegan (the engineer for the proposed sub-division), and Harold Collins and Thomas Kelly of the Antioch Savings and Loan Association.

Antioch Savings and Loan is financing Patrovsky's development.

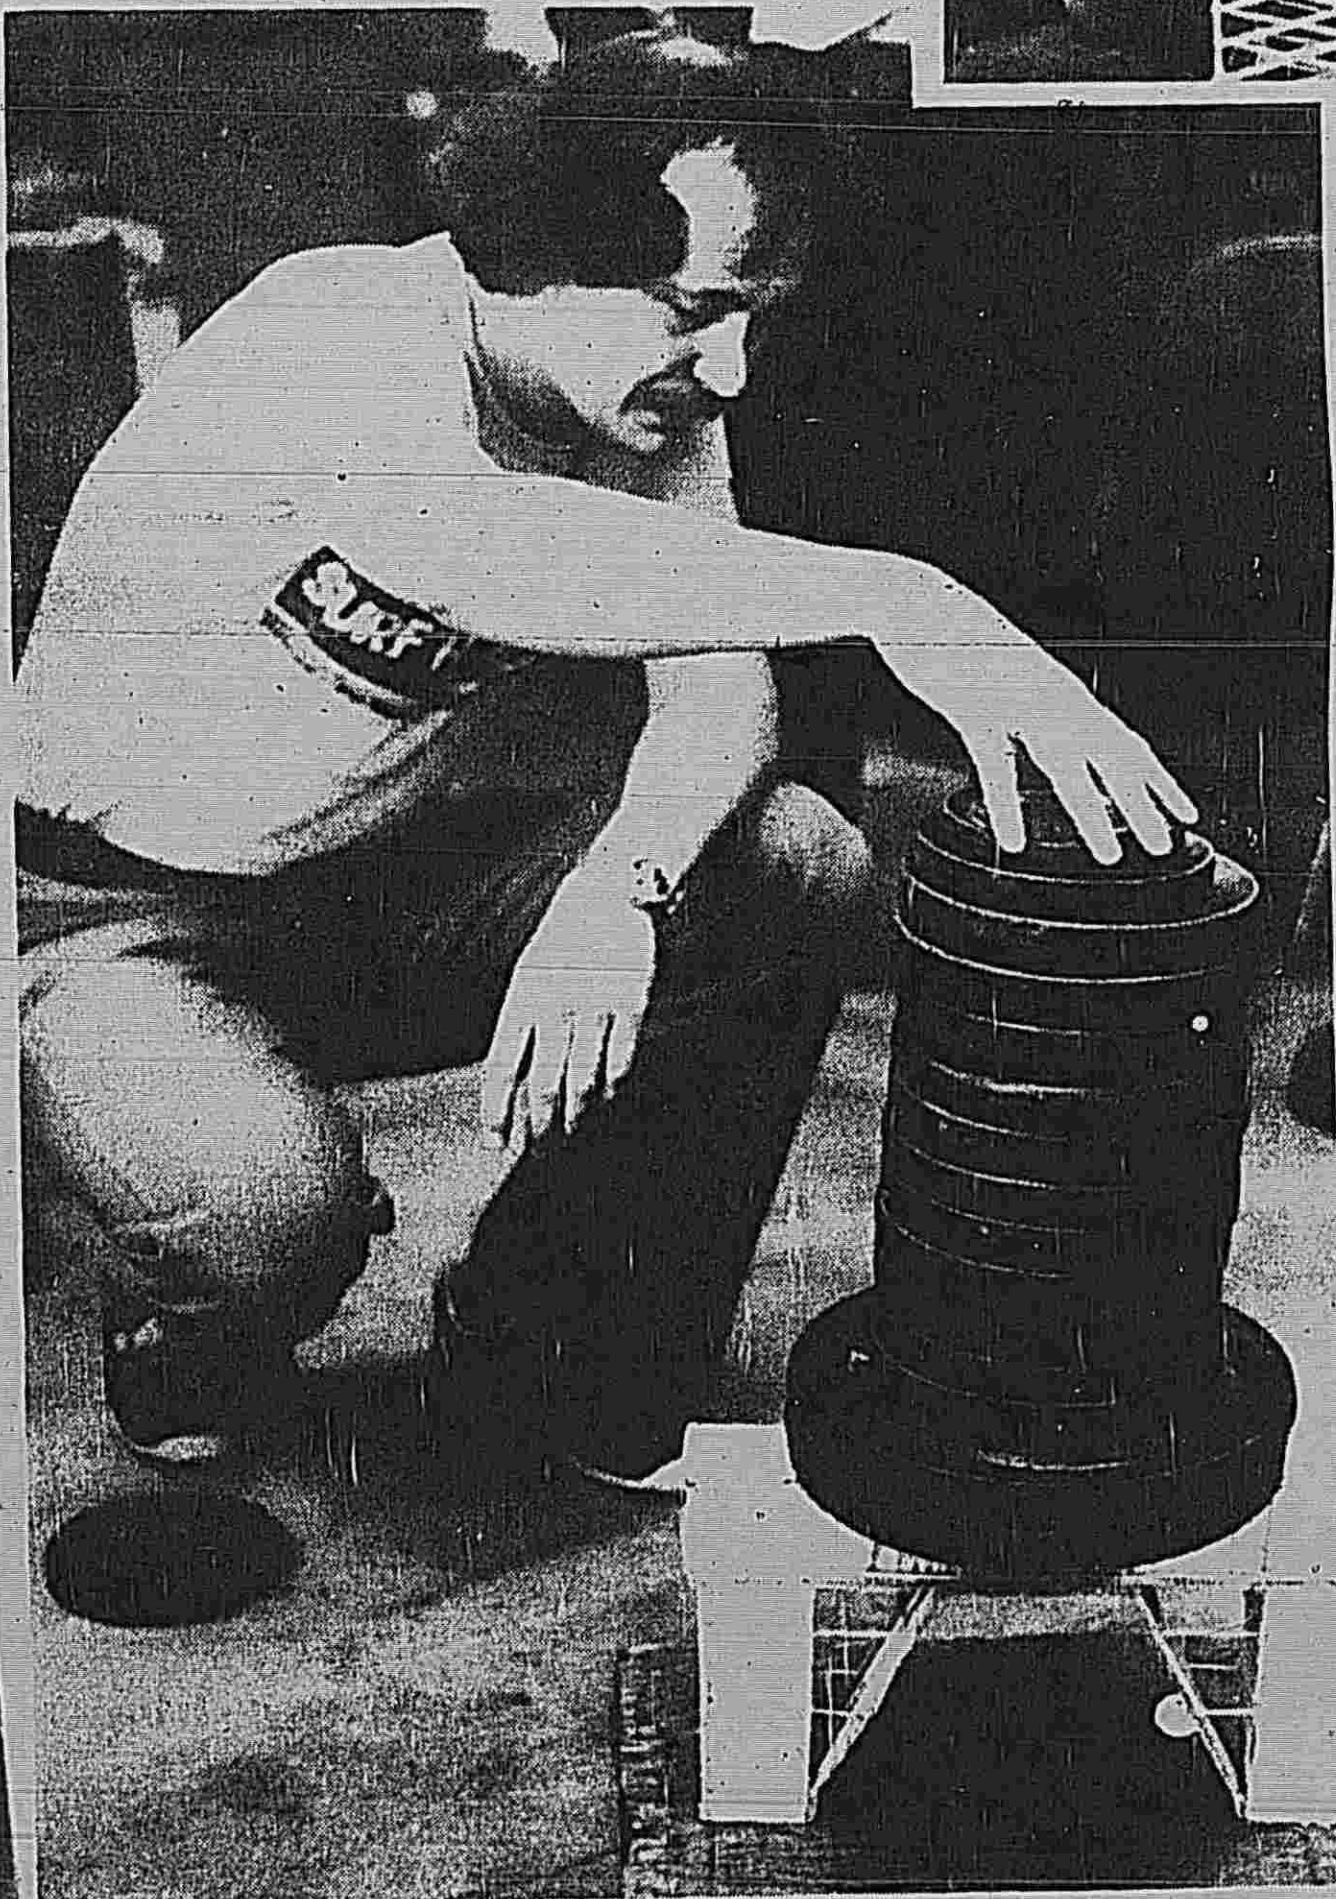

The development will contain approximately 262 lots, specified for single family homes, apartments, townhouses and condominiums, and will bring an estimated population of 1,200 people to the village.

Much of the discussion at the meeting centered around

## Nov. 7 election has hot contests

Antioch voters will report to the polls next Tuesday for a general election that includes numerous contests of interest locally and throughout the state.

The most local of the decisions will be made in the County Board contest, where three Republicans are opposing three Democrats.

The Republicans who led in the primary are R.G. (Bud) Holtz, Antioch township assessor; Joseph Tobolik of Ingleside and Janet Kapsichke of Lake Villa.

SINCE REPUBLICANS almost always win in District 4, those three are favored over Democrats Frank ReCupido of Antioch and Tony Marsala and Joseph Bogacz.

Holtz is expected to be an especially popular vote-getter in his home Antioch area and, among the others, ReCupido seems to be doing the most campaigning.

ReCupido has been emphasizing his opposition to the Regional Transportation Authority, a popular stand in this area.

ILLINOIS' REPUBLICAN GOVERNOR, James R. Thompson, is favored in the polls to defeat his Democratic rival, Michael J.

Bakalis, but Republicans are finding another set of polls disturbing.

Those are the ones that indicate Democrat Alex Seith is leading incumbent Charles H. Percy.

The veteran U.S. congressman from this district, Republican Robert McClory, is heavily favored to defeat his opponent, Frederick J. Steffen.

State Senator Karl Berning appears to face an interesting test from Democrat Walter R. Nathan, since Nathan has been endorsed by both Chicago newspapers.

ANTIOCH AND OTHER communities in the 32nd district have been encouraged by the media to return to the House in Springfield; Democrat Daniel M. Pierce, and Republicans Donald E. Deuster and Betty Lou Reed. The fourth candidate is Democrat Don Neal.

Other races of interest are commented upon editorially on page 4 of this issue.

## 8 persons hurt in head-on collision

Eight persons were injured at 1:30 a.m. last Saturday in a head-on collision at Route 173 and Orchard Lane, a few miles west of Route 59.

Lake County sheriff's deputies reported that the accident in Antioch township took place when a westbound car, driven by Edward L. Schillen, 18, of Arlington Heights, turned into the eastbound lane, colliding with a car carrying four passengers.

The eastbound car was driven by Michael Dougherty, 28, of McAree Rd., Waukegan. Passengers in the car were Dougherty's wife, Nancy, and Judy and Joseph Kristan, both of North Green Bay Rd., Waukegan.

Passengers in Schillen's car were Steve Haight, 19, of Arlington Heights, and Ken Miller and James Yonan, both of Mount Prospect.

All persons involved in the accident were taken to Victory Memorial Hospital, Waukegan, by the Antioch Rescue Squad.

Schillen has been charged by the Lake County Sheriff's Department with improper lane usage and reckless driving.

Plymouth was not the first settlement in New England. A colony was founded in Maine in 1607 - 13 years earlier - but didn't last.

VOLUNTEERS REPRESENTING the Lake County unit of the American Cancer Society are pictured with a replica of the public information piece to be used in conjunction with the 1979 Cancer Crusade during the month of April, on the subject of colon cancer. In Chicago to attend the 33rd annual Illinois Division Conference at the Bismark Hotel were (from left) Kenneth H. Moody, Libertyville; Mrs. William Brook, director and delegate from Antioch, and special guest Carol Perkins, wife of Marlin Perkins of TV's "Wild Kingdom." Mrs. Perkins, national 1978 crusade co-chairman, is standing next to Mrs. Bert Swanson, Waukegan delegate.

## Cancer Society honors Lake County unit

The 31st annual dinner meeting of the Lake County unit of the American Cancer Society was held at the Northern Chalet in Libertyville.

It was a tribute to the volunteers of the Lake County unit, which was named the top unit of 131 in the state at a three-day conference in Chicago.

A traveling trophy was presented to the chairman of the board of the Lake County unit, Lacy R. Overby, Ph.D., director of the division of experimental biology at Abbott Laboratories. It was the fifth consecutive year that volunteers for the Lake County unit were honored for their services in support of American Cancer Society programs.

David H. Wagner, Waukegan, who was Lake County chairman for the October, 1978, American Cancer Society Bike-A-Thon, reported a projected revenue of \$30,000.

## Blood Pressure and Hearing Tests Set For Antioch Area

Free Screening for high blood pressure and hearing loss will be given at Antioch Drugs at 480 Orchard in Antioch on Friday, November 3rd from 10 a.m. til 2 p.m.

High blood pressure, the leading cause of stroke, heart, and kidney failure, can usually be controlled through medical supervision. It has no symptoms, however, and because of this, periodic testing is advisable. The tests will be performed by a registered nurse.

Factory-trained Beltone Hearing Aid specialists will perform the hearing tests using modern electronic equipment. Everyone should have a hearing test at least once a year if there is any trouble at all hearing clearly. Even people now wearing a hearing aid or those who have been told nothing could be done for them should have a test to keep track of how their hearing is changing and to find out if they are one of the many a hearing aid can help.

The free tests will be given on Friday, November 3rd at Antioch Drugs at 480 Orchard in Antioch from 10 a.m. til 2 p.m.

Organizations interested in providing this service for their group, customers, or employees call Kathy Kutzler at 662-4700.

### 'Who's afraid of Dolly Parton?'

By JERRY PFARR

A friend of ours tells how her brother went to a Halloween costume party as Dolly Parton.

He had to stop for gas, so when the attendant came out he said:

"Give me five dollars worth, and if you laugh I'll shove that pump right down your throat."

Another couple went to a party as Raggedy Ann and Andy and also pulled into a gas station. They felt a little embarrassed until a car pulled up next to them with a lion and tiger in it.

WE SAW A YELLOW school bus on Main Street Tuesday morning and did a double take when we noticed it was being driven by a very authentic-looking witch.

The driver's little children must have enjoyed getting on the bus with that surprise waiting for them.

Archaeologists have finally translated the writing on Montezuma's tomb. It says:

"Please tell those Marines to stop singing in the halls!"

"BIG JULE" from East Cicero brags:

"I was bad when I was a kid, but ever since then I've gone straight. Thirty-three arrests and no convictions."

AFTER FOUR frustrating losses, Antioch High School's football team has delighted its fans by scoring victories of 37-6 and 41-6.

Suddenly, the town has more smiling faces than a Navy battleship arriving at a foreign port.

## THE TOWN CRIER

### Endorsements

There is a line from the old Broadway musical, "Call Me Madam," which goes like this:

"The American voters sure scare the hell out of you sometimes."

That is the case again when some polls show that Democrat Alex Seith is leading incumbent Republican Charles H. Percy as they head into the final days before next Tuesday's election.

PERCY HAS an excellent 12-year record as a U.S. senator, while Seith's only governmental experience has been as chairman of the Cook County zoning board of appeals.

Also, Seith's campaign has been full of cheap shots at Percy and that alone should tell voters which man should be representing us in Washington, D.C.

WE FEEL THAT a few other Republicans, and Democrat E.J. "Chick" LaMagdeleine also should be returned to office.

LaMagdeleine has brought a professional, low-profile approach to the job of Lake County sheriff and we see no reason why he should be replaced by his Republican challenger, Tom Brown.

Governor James R. Thompson deserves re-election, as do Congressman Robert McClory and Regional Superintendent of Schools William (Bill) Thompson.

We also strongly endorse Jack (Red) Anderson for Lake County treasurer.

THE CHICAGO TRIBUNE said: Governor Thompson has brought about a good four years' worth of improvement in two. That in itself is a strong reason for giving him a full four years to work with. ... In sum, Mr. Thompson's promises are based on good performance. Mr. Bakalis' key campaign promise is based on bad arithmetic. We endorse Mr. Thompson.

Congressman McClory was endorsed for re-election by ACA (Americans for Constitutional Action).

The non-partisan national organization said it was endorsing McClory because of his consistent voting record for constitutional principles:

Mrs. Charlene Baker Craycraft, chairman stated: "If every member of Congress voted like McClory, there would be little or no federal debt, inflation would not be a problem, our national military strength would not be in question, and Americans would be paying lower taxes."

THE NATIONAL FEDERATION of Independent Business (NFIB) has congratulated State Sen. Karl Berning, R-Deerfield, for his 100 percent voting record on issues favorable to small business in Illinois.

Berning has voted for reform of unemployment insurance and workmen's compensation laws, and for a constitutional amendment to limit the taxing power of the General Assembly.

### Letters

Dear Editor:

As many citizens appreciate, our Illinois laws include many provisions which are archaic, obsolete and useless. Many need to be repealed, and some should be amended.

As a member of the Illinois House committee on elementary and secondary education, earlier this year I decided to review the Illinois school code to identify and weed out some of the useless requirements.

Our able regional superintendent of schools, Bill Thompson, directed my attention to a 1909 law which is a section of the school code and which requires the county superintendent to report to the county board in September certain financial information concerning monies distributed to each school district, even though the reports

To the Town Crier:

I was very much surprised to see so much credence and space in your column devoted to an endorsement from two big city newspapers against Senator Karl Berning of our 32nd District.

Your statement that Senator Berning "has a lot of friends" in Antioch is very true and they were what prompted me to write this letter.

Senator Berning has been very faithful in attending our local functions and during a recent dedication even had to pinch-hit in the absence of the guest speaker dignitary. I am grateful to have had a legislator such as Senator Karl Berning at the beck and call of our community to assist with problems at the state level and know that in him even the "LITTLE GUY" (meaning the Village of Antioch) gets a break. Maybe that is why the "big city" newspapers are calling for a change. The people I have talked to are satisfied and I take pride in urging the people of the Antioch area to re-elect a man who has truly been Antioch's Voice in Springfield.

"Good Luck, Karl."

discussed. Comments and observations were given by Frank Angellotti, village engineer.

The possibility of creating a special taxing district between Patrovsky and the CABL corporation, in order to service a section of Patrovsky's development, was also discussed.

The CABL group has already had its land annexed to the village. It is located west of Tiffany Rd. and north of North Ave., but so far is not being developed.

Patrovsky now must compose a pre-annexation agreement and present it to the village board for further consideration.

from schools are not submitted until late October.

Since no mortal persons can report in September on information which is not available until October, at the suggestion of superintendent Bill Thompson, I have drafted legislation to correct this silly law.

Strangely enough, in the current political campaign, Mr. Thompson has been criticized unfairly for not presenting this impossible report to the county board on time.

As one who is most appreciative of Bill Thompson's helpfulness to me in identifying defects in the Illinois

school code, I feel the public deserves a full explanation concerning why this 1909 report provision cannot be met, and needs to be corrected.

As you may not be aware, our Illinois school teachers must teach the children about our "good roads" each Apr. 15, and I will be introducing a bill to repeal this requirement.

Our Illinois roads are in shameful condition, and it is a waste of time for our teachers, from kindergarten through high school, to be instructing the children about our good Illinois roads, when they might better devote time to the fundamentals, reading, writing and arithmetic.

Dennis K. Osgood, 27, of the Great Lakes navy base, has been charged with speeding, resisting arrest, aggravated battery and possession of marijuana, Antioch police said.

Osgood was seen at 12:30 a.m. Tuesday traveling eastbound on Route 173 at 95 mph in a 45 mph zone, Sgt. Charles Watkins said.

Sgt. Watkins stopped Osgood and attempted to place him under arrest.

Miss Blomquist became involved with police Sunday night when she allegedly began shouting obscenities at two officers as they apprehended. Wilbur Powers, 28, of Cross Lake, for disorderly conduct.

Miss Blomquist was not an acquaintance of Mr. Powers, police said.

Miss Bloomquist was taken to the police station where she was found to be in possession of a controlled substance. She was subsequently charged.

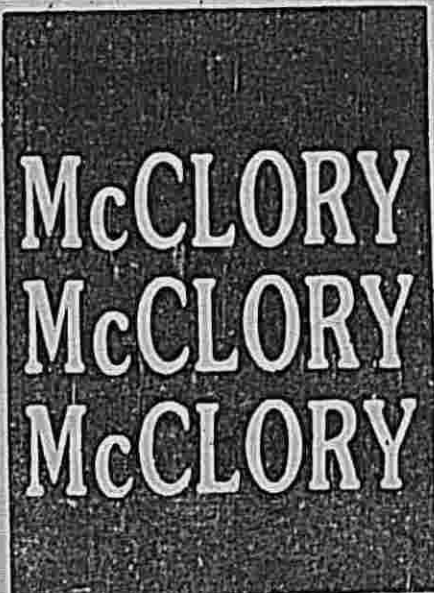

Daniel J. Nolan, 18, of Air Force Base, Grand Forks, N.D., has been charged with theft of an automobile from the base.

After a lengthy investigation by Antioch police, the Grand Forks Air Force Investigative Unit and the FBI, the stolen vehicle was located on Oct. 27 by Lt. Tom Fisher in Antioch.

## Along the way with ANNIE MAE

HEAR TELL FRANCES Lulich has just returned from a three-week vacation at her son Bud's house in New Hampshire. I bet she enjoyed the beautiful Fall foliage colors in the White Mountains and the Atlantic Seacoast. She told us she especially enjoyed staying with her granddaughter, Bridget.

Bud and Caren said they enjoy keeping up on the hometown news by receiving the Antioch News. They send their "Hellos" to all their friends.

This Saturday, Nov. 4, is a very special day ... it's Elizabeth Walsh's 89th birthday. Elizabeth is truly one of Antioch's greatest and most popular ladies.

And happy birthday on Friday, Nov. 3, to Bob Waldbauer of Rittenhouse & Embree Lumber Co.

Hear tell Kathy and Wayne Soder celebrated their first wedding anniversary on Sunday, Oct. 29!

CONGRATULATIONS are in order for Larry and Judy Dullinger who literally "delivered together" their seventh child, a baby girl, Debra Ann, born to them last Friday, Oct. 27.

Larry, one of Antioch's reliable mailmen, has helped Judy deliver their last four children, making the blessed event surely a mutually shared one.

RAY JENSSEN became a grandpa last week. His daughter and son-in-law, Diana and Denis Pleviak, have a new baby girl, Crista Rae, born last Friday, Oct. 27.

HAPPY ANNIVERSARY next Monday, Nov. 6, to Maggie and Harry Lenny, those popular owners of Thompson's Restaurant.

MR. & MRS. JOHN FURLAN, of Petite Lake, attended the 25th wedding anniversary of Mr. Furlan's sister, Mrs. Kathy Furlan Mogavero, last Friday night in Wooddale, Ill.

Mrs. Mogavero, a former resident of Antioch, was surprised by Marilyn Furlan Heuer, one of her wedding attendants, who flew in from Colorado to attend the anniversary party.

LLOYD PEDERSEN, POPULAR singer from Antioch, presently on tour with the Wayne King Orchestra in the Midwest, has been joined by Mary Chris LaKome, star of several PM&L Theatre productions, including "My Fair Lady."

Persons wishing to hear them sing duets as well as solos

with the big band may do so this coming Friday and Saturday evening at the Willowbrook Ballroom in Willow Springs, 9 p.m. to 1 a.m.

Following the Willowbrook engagement, Lloyd will fly to Florida where he and his own band will be appearing daily after Nov. 8 at the new Vintage Restaurant, 715 South Federal Highway, Boynton Beach.

Lloyd plans to go on the Wayne King tour in Florida Feb. 23 to Mar. 17. Antioch residents traveling to Florida this winter might wish to see his show.

AM I GOING TO have a good time Saturday? You bet your life ... I'll be at the "Brunch and Browse Bazaar" at the Antioch Methodist Church.

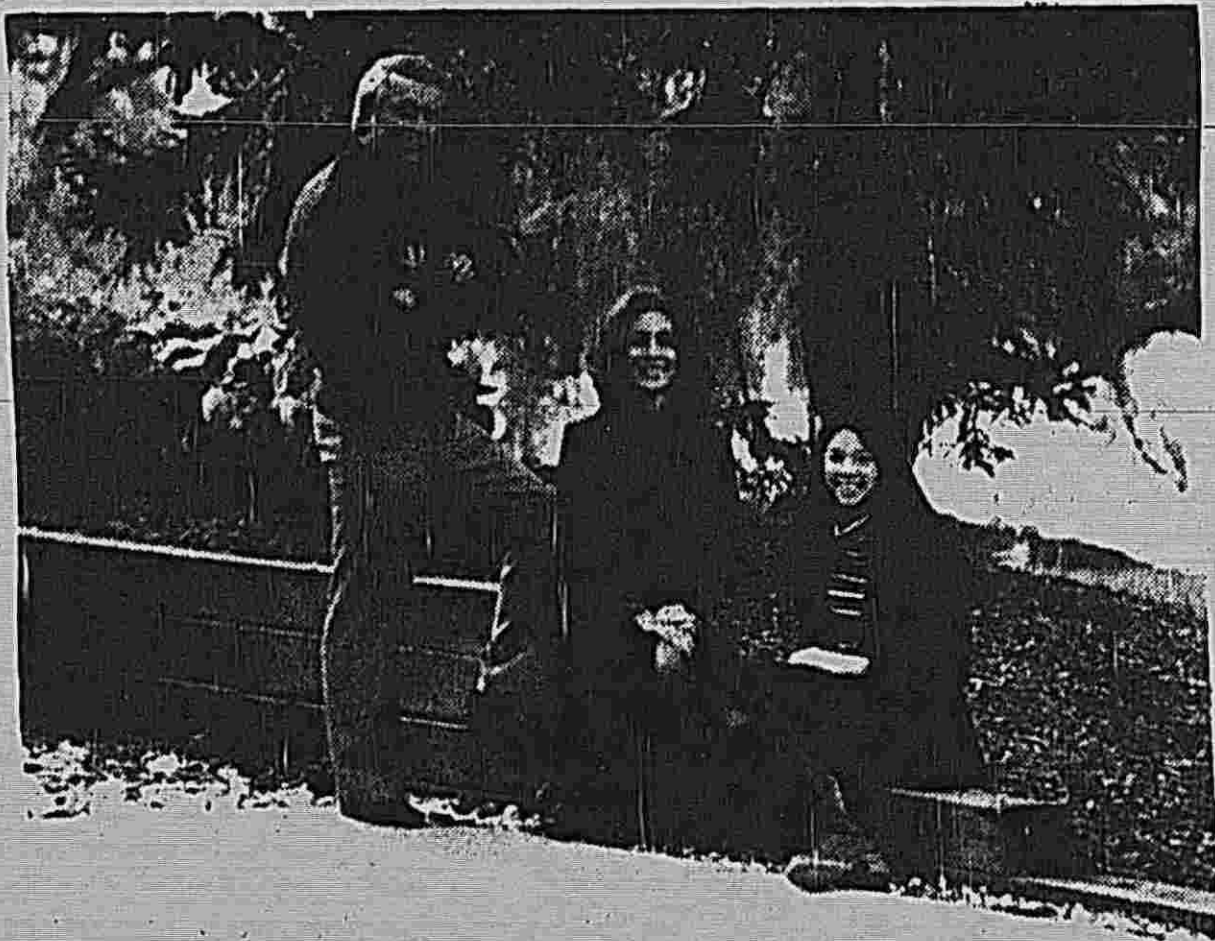

From 10 a.m. until 4 p.m., the United Methodist Women will be serving lunch and featuring crafts, Christmas decorations, a Kountry Kitchen, a children's table ... plus, a white elephant sale and a silent auction. Those are a few of my favorite things.

BE CAREFUL! It's getting darker earlier these days so watch out for the little ones, especially until you have adjusted to the time change. You know winter can't be far away when you have to drive with your headlights on at 5:30 p.m. Oh well, five months from now it will be spring!

## Why your electric company is plugging coal and uranium.

There are really only two fuels. The scarce ones and the abundant ones.

The more dependent we are on the scarce fuels to make electricity, the less certain we can be that there will always be enough electricity.

And the more costly that electricity becomes.

So at Commonwealth Edison, we make

over half of our electricity from coal and most of the rest from uranium. Both are abundant fuels. By using them, we're helping to conserve America's oil and natural gas resources for transportation and other vital energy needs. And we're lessening our reliance on imported fuels.

Last year coal and uranium let us save over 100,000,000 barrels of oil costing over \$1,200,000,000. Think of electricity as the Conservation Energy. The next time you plug something in, remember: You're using the energy that helps save energy.

## District 34 negotiations may improve

Antioch's grade school board of education made a decision last week which could bring an end to blocked negotiations between the board and District 34 teachers.

The board agreed that professional negotiators be allowed for both sides.

Initially, bargaining at the meeting proved fruitless as both negotiating teams made offers and were refused.

ACCORDING TO Rick Bryan, spokesman for the district's teachers, maternity policy was the major subject of last Wednesday's session.

Bryan said the board offered a maternity policy which teachers were advised was below the minimum required by law.

Bryan also said the board wanted to give the district superintendent, Donald Skidmore, the final decision as to when a pregnant teacher should begin maternity leave.

The teachers rejected his proposal, maintaining that a licensed physician should make this decision.

According to Bruce Jablonski, board member, the board's negotiating committee saw that nothing was being accomplished at the meeting so members decided to caucus.

THE RESULT OF the caucus was what Jablonski described as a "compromise" voluntarily made by the board.

Jablonski said the "professional negotiator" decision was made against the better judgement of the board members and opposes their original position.

But, said Jablonski, "if this is what we have to do to get things going, we will do it."

A formal statement on the board's decision reads as follows:

"At the most recent negotiation session held on Wednesday, Oct. 25, the Antioch board of education negotiations committee initiated an action which they hope will lead to a rapid equitable contract settlement. The board voluntarily agreed to hire a professional negotiator to represent the board in negotiations with the teachers' association. The teachers' association is free to use a negotiator of their choice."

ONE CONDITION of the agreement is that two weeks be allotted in order that both sides choose negotiators and have time to familiarize them with the district.

The second condition is that members of both negotiating teams be allowed to remain in the room with the professional negotiators.

Business manager Ron Chilcote will remain in the negotiating room but superintendent Skidmore will not.

THE NEGOTIATOR for the board of education will be

### FRANK ReCUPIDO

#### A CANDIDATE FOR COUNTY BOARD DISTRICT 4, IS A MAN OF THE PEOPLE - FOR THE PEOPLE.

He feels it is his duty to inform the voters of District 4 (see map below — Antioch, Lake Villa, Grant, Avon and Freemont Townships) that we have a candidate for County Board who is holding an elected office as Tax Assessor for Antioch Township. This is an important full time job. He has approximately two years to complete his four year unexpired term. County Board Member jobs are full time jobs and require daily attendance of Board Members. Many voters feel there would be a conflict of interest should this office holding candidate be elected to the County Board.

The offices' of operations are approximately 30 miles apart. The Tax Assessors office is in Antioch. The County Board office is in Waukegan. It is impossible for any individual to do justice to either office under these circumstances.

**A VOTE FOR FRANK ReCUPIDO — A MAN OF ACTION AND DETERMINATION — WILL ASSURE THE CITIZENS OF DISTRICT 4 PROPER AND FULL TIME REPRESENTATION.**

Don't forget to vote Tuesday, November 7. Your vote is important — only if you vote.

## VIKING SCOREBOARD

### Heavyweights

Racking up their sixth win of the season the Antioch Viking Heavyweights took an early lead against an outclassed Wauconda team and coasted to a 20-0 victory.

Viking running back Andy Lehn scored two touchdowns and ran for a total of 130 yards.

John Caliendo scored the second of Antioch's three touchdowns on a 10-yard run.

A tough Viking defense held Wauconda to a minus 13 yards on the ground and forced the rivals to punt seven times.

Next Sunday the Vikings will play their final game of the regular season at Fox Lake. A win will assure them a playoff spot for the league championship.

### Lightweights

Antioch Viking Lightweights won over Wauconda 6-0 Sunday.

The game was scoreless in the first half as both defensive teams were well-matched.

In the third quarter John Oelker blocked a Wauconda kick, putting Antioch in good-field position.

Quarterback Tom Adams threw a pass into the end zone to John Silianoff for the touchdown. Derek Olson attempted to kick the

extra point but it was blocked.

The Vikings' defense then kept Wauconda from scoring.

Coaches said excellent plays were made by Joel Bissing, Tim Cardwell, Jeff Kempfer, Doug Merrill, Craig Sheedlo, Kirk Vogt and Les Zitkus.

### Featherweights

In the final game of the Featherweight season, the Raiders defeated the Seahawks 18-6.

The Raiders opened the scoring in the second quarter. After recovering a fumble, Jack Davis scored the first Raider touchdown. Later in the second quarter, after a fumble recovery by Ed Poulos, Davis again crossed the goal, making the score 12-0.

In the fourth quarter after a gain by Davis, Poulos ran in the third Raider T.D.

Minutes later in the fourth quarter Seahawk quarterback Bob McMahon completed a pass to Gary Foley, who scored their only T.D. of the afternoon.

Seahawk coaches praised Bill Kaht for outstanding effort on defense.

Raider coaches credited as their playmakers John Dugenske, Rick Winters, Chuck Edmonds, Kelly Tew, Ted Cigrang and Kelly Lowry.

The Antioch Viking Buccaneers defeated the Warriors 51-6 in their last game of the season.

Dean Elrod ran in the first two touchdowns with linemen Dave Perryman, Sean Mors and Keith Hairell clearing his way.

Brian Hairell intercepted a pass and ran 45 yards for the third score, making it 18-0 at the half.

The second half was highlighted by Brian Becker's 40 yard and 55 yard touchdown runs to give the Buccaneers a 30-0 advantage going into the fourth quarter. Quarterback Brian Hairell scored the sixth T.D., running 50 yards on a bootleg.

Defensive end Steve Mueller then scored two points on the Buccaneers' only successful kick attempt for points after this season.

The Warriors six points were scored in the fourth quarter. Ed Antkowiak ran 80 yards on a kickoff return.

Dave Hart was credited by coaches with outstanding defensive effort throughout the game.

Blocking by Dave Lear and Matt Marshall opened the way for a 30-yard scoring run by Dave Pinkham. The Buccaneers' final touchdown was scored by Dean Elrod. Brian Becker ran in for point after.

Coaches praised Thadd Ernstmeyer, Robbie Cote, Bill Fleming, Calvin Knutson, Brad Poulter, Gus Mancuso, Steve Cowdrey, Mike Byczek, Steve Hanson and their teammates for a season of teamwork which prevented any scoring against the defense.

The 12 points scored against the Buccaneers this year came on kickoff returns.

The team completed the season with a 7-0 record.

Afraid of strangers? That particular phobia is called, "Xenophobia."

RECEIVING A TROPHY from the state bowling association was Mike Christiansen, a member of the Saturday youth league at Antioch Lanes. The presentation was made by Lois Hartman, coordinator of the league. Christiansen, bowling for Haley Brothers Cleaners, rolled a 222 game.

CENTURY 21 made its record 2-0 last week by beating the State Bank 66-48. Steve Dobner scored 17 points and Rich Heitman 14 for the winners. The Bankers were led by Jim Weiss with 18.

The Limerick also boosted its record to 2-0 by trimming Maestrazi Brothers 65-33. Mike Perrone led his team to victory with his second 19-point performance. Al Anderson

and Steve Bentel each chipped in 10 points and John Davis had 8 for the losers.

THE WHARF made its record 1-1 with a 50-42 win over BJ's Fashions. Greg Shanks led scoring with 17 points and his teammates, Don Norwick and Steve Pilcher, hit for 11 and 10 respectively.

BJ's was led by Pat Michalak with 17 points. Michalak now has 31 in two games while Perrone leads the league with 38.

## George Schoenleben wins contest again

George Schoenleben, who won the first Antioch News football contest of the season, was back in the winner's circle last Saturday.

George picked Antioch to trim Round Lake by 24 points and the Sequoia won by 35. Since he was the closest of all the forecasters, George will receive \$15 in cash from Bob's Septic and Cement Service.

Seven weeks earlier he won a \$15 gift certificate from Stanley's Men's Fashions.

**SECOND PRIZE LAST SATURDAY** was earned by Rick Mowen, who picked Antioch over Round Lake by 20 points, and will receive a \$10 gift certificate from the Las Vegas Restaurant.

Keeping the prizes in the family, Julie Mowen was third and will receive a \$5 gift certificate from Rittnhouse & Embree Lumber Co. Julie picked Antioch over Round Lake by 17.

Coming close were Brad Herbst, who predicted a 16-point victory for Antioch, and Allan Figi, who said "Antioch by 15."

**THE FINAL FOOTBALL** contest of the season appears in today's Antioch News.

Entrants must decide on the Sequoia's home game against Grant's Bulldogs. The experts think it's a tossup, but one of the teams will win.

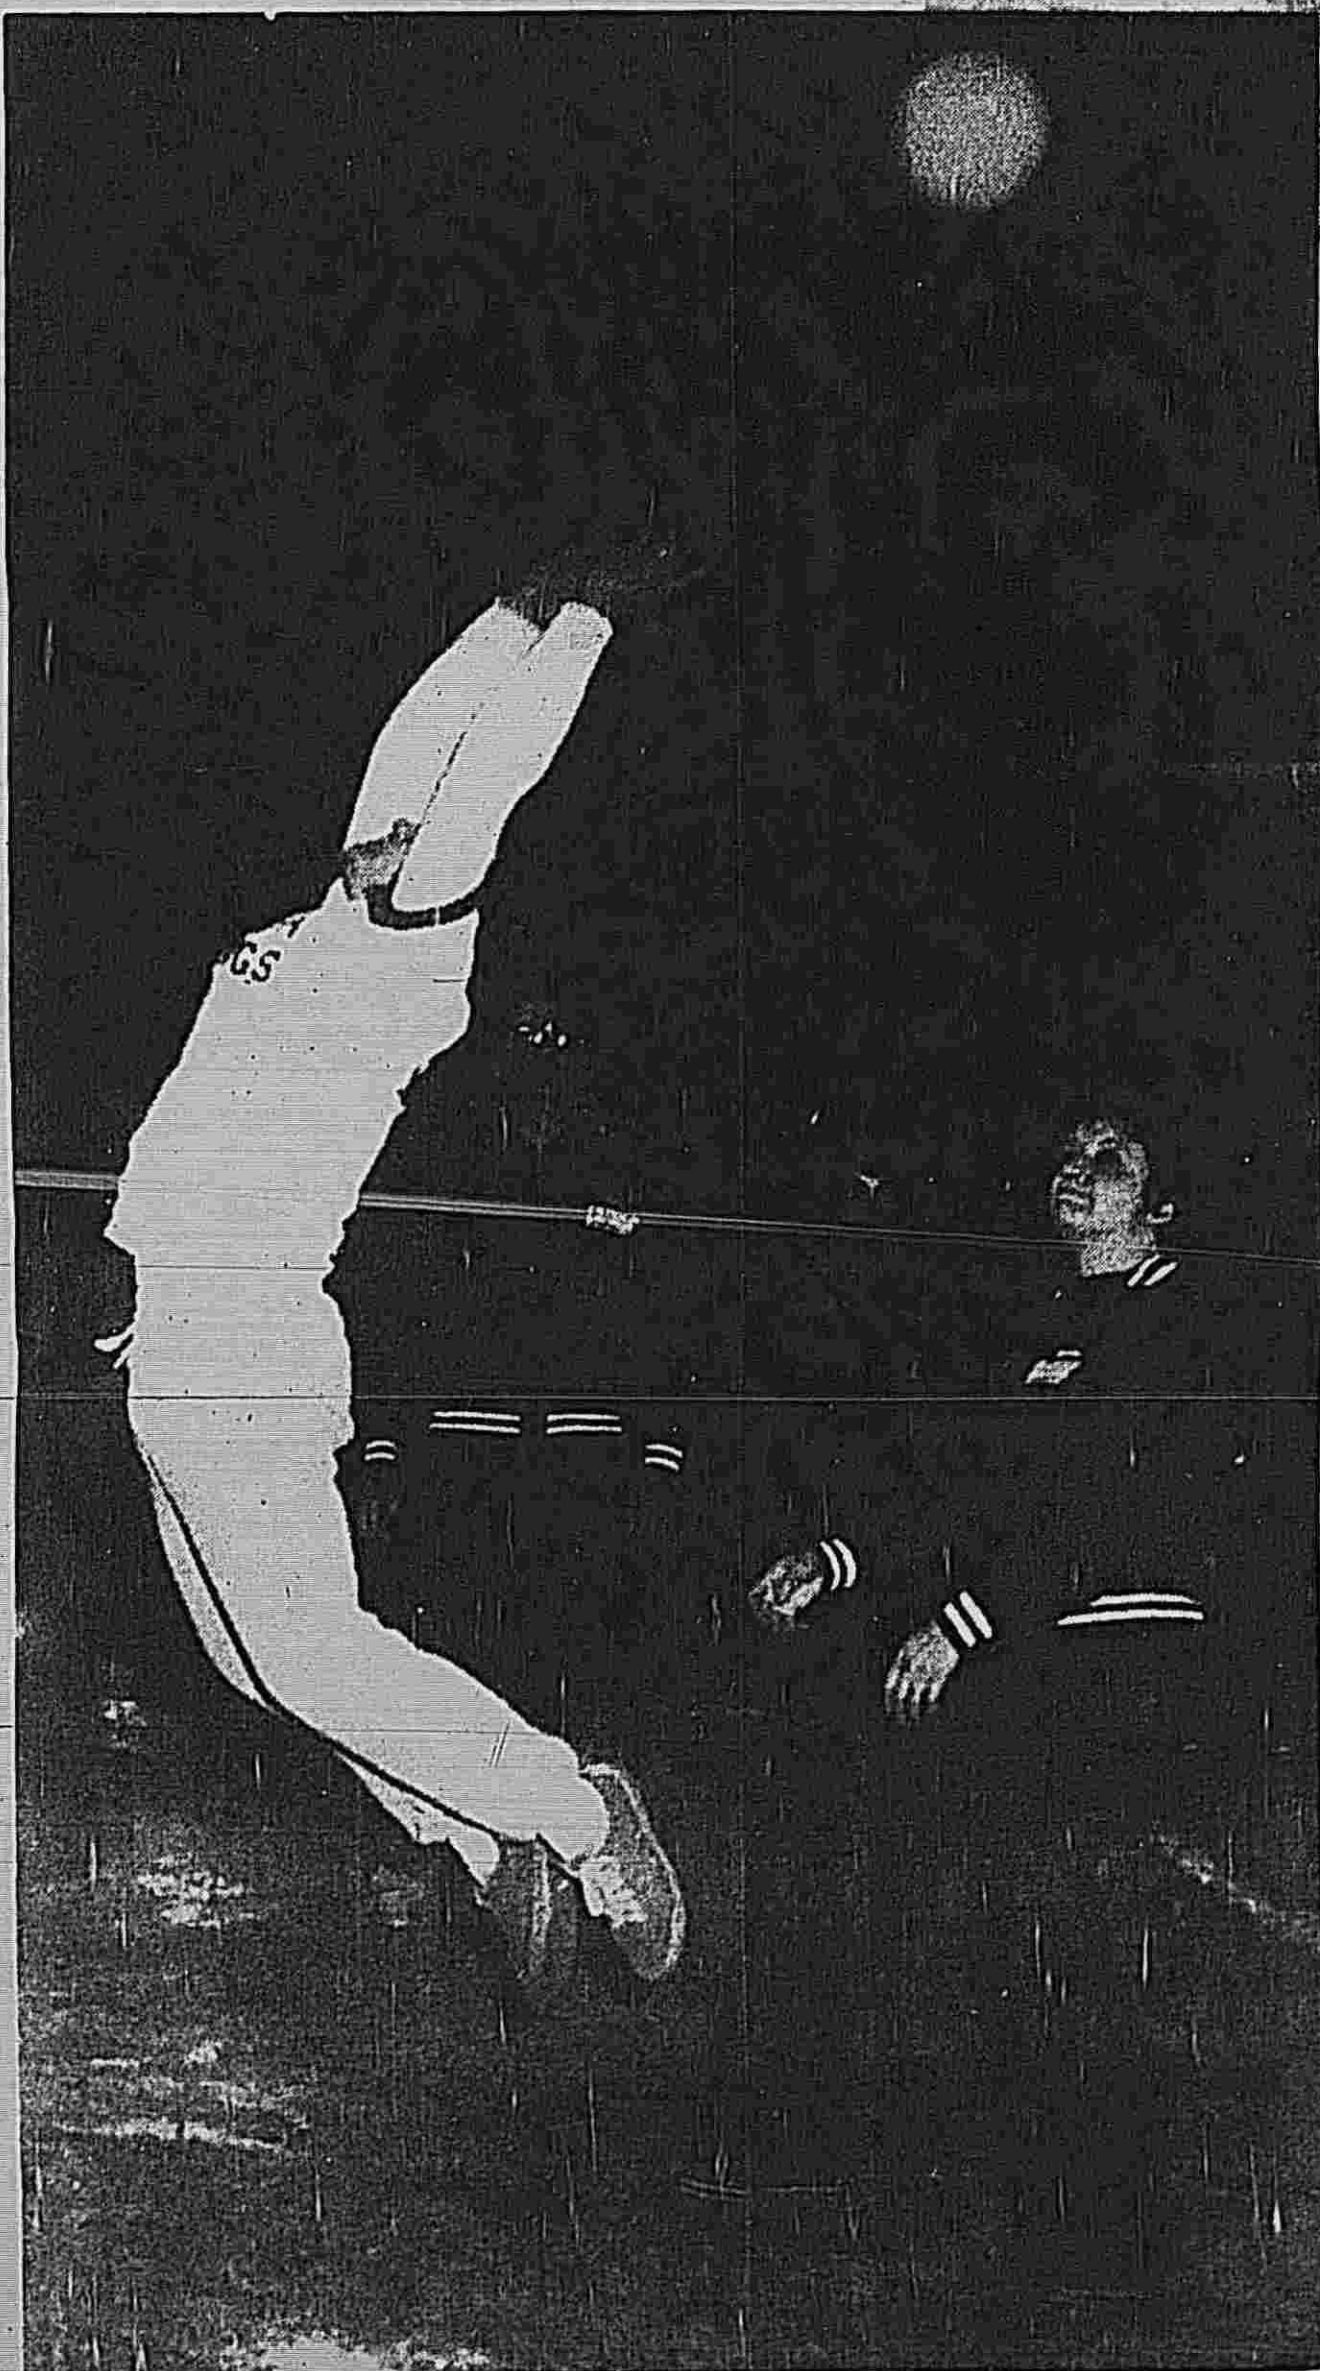

Which one? Be sure to get your entry in before Saturday's 2 p.m. kickoff.

**HEATED VOLLEYBALL ACTION** took place on a cold night last week at the Little League field. It was another challenge match between the State Bank of Antioch and the Antioch Savings & Loan Association. Above, Laddie Korecek of the Savings & Loan slips after making a spectacular save. His teammate at the right is Mark McKinney. State Bank players at the left are Sheila Linker and Glenn Hendrickson.

The Sequoia tree is named for Sequoia, an American Indian who developed an Indian writing system suitable for printing.

**WITH HIS BACK TO THE NET**, Mark McKinney of the Savings & Loan propels the ball into the State Bank court during last week's volleyball match. The State Bank won, 21-15, 21-17, 21-15, to retain the athletic supremacy trophy the two financial institutions have been competing for in a series of sports events. Once again, each team will donate \$100 to a charity of the winners' choice.

# Sequoits aim for 3rd victory

## Exciting game is expected

Antioch High's football season, merely because of the last two games, already is a success.

But the Sequoits can make their fans even happier - and themselves, too - if they can beat Grant's Bulldogs in the 1978 finale.

It will be "Parents Day" at the Antioch field and the 2 p.m. varsity game is rated a tossup - even though Grant has a 4-2 record in the Northwest Suburban Conference while Antioch is 2-4.

Last Saturday's 41-6 victory at Round Lake was Antioch's second stunning triumph within eight days.

COACH STEVE WAPON'S weapons going into the Grant game include a fleet of slashing ball-carriers who have been gaining big yardage with the help of a talented offensive line.

Quarterback Rob Nauman has been deceptively handing off to his running backs, making the opposition wonder who in the heck has the ball.

Nauman's five touchdown passes also rank among the best records in the conference.

The Sequoit defense has put it all together in recent weeks and can really prove itself by stopping Grant Saturday.

GRANT HAS A DANGEROUS quarterback in Keith Kelly, who has thrown six touchdown passes in six conference games. He also can run with the ball.

Grant's fullback, 200-pound Jonathon Miller, has rammed for seven touchdowns in conference play and has gained 102, 98 and 69 yards in three recent games.

Grant's Bulldogs are tied for second in the conference, winning their last four games after starting 0-2.

"Antioch versus Grant, what more can you say? Traditional rival," said Wapon. "It sounds like an old cliché, but it's really true - when Antioch and Grant play each other, emotions are so high anything can happen."

ANTIOCH HAS BECOME the highest scoring team in the conference.

The Sequoits, who lost their first four conference games

THE SPIRIT THAT ANTIOCH'S Sequoits take into their football battles is displayed in this pre-game "pileup" prior to last Saturday's 41-6 victory at Round Lake. (Photo by Tom Vander Meer.)

by a total of only 15 points, ended their frustrations a week earlier with a 37-6 triumph over Wauconda.

Now, with a 2-4 league record, Antioch has a total of 137 points for an average of 22.8 games. Undefeated Warren, which has clinched the championship, is averaging 21.5 a game but limiting opponents to an average of 3.7 (including a 9-0 win over Antioch in a season opener).

Antioch has held its six conference rivals to an average of 14.8 points a game.

SO MUCH FOR STATISTICS, but they do reflect the way Antioch's football team has saved its coaches and fans from what threatened to become a community-wide epidemic of bleeding ulcers.

Two junior running backs gained most of the yardage as Antioch marched for six touchdowns at Round Lake. Mitch Case finished with 79 yards in 14 carries and Greg Stevens with 64 in seven.

Round Lake's one-two punch also was effective. Ron Frum gaining 60 yards in 16 rushes and Mike Richards picking up 60 yards in 10 tries. But the Panthers fumbled three times and had one of their seven passes intercepted, giving Antioch good field position most of the game.

The Sequoits led 20-0 after only 13½ minutes of action and enjoyed a 27-6 halftime lead. For frosting, they scored two more touchdowns in the fourth quarter.

ANTIOCH'S BALL-CARRIERS have been romping for big yardage ever since being shut out by Warren.

"I think the difference," said coach Wapon, "is that we've found ourselves defensively. The kids are hitting hard and playing sound defense. And it's been exciting as heck to watch our offense go. The line blocking has been very good and the backs have been hitting the holes real well."

Quarterback Rob Nauman had to throw only one pass and it was good for 27 yards.

ANTIOCH'S FIRST TOUCHDOWN came on a three-yard run by Dwayne Buszta and the second on a 27-yard dash by Stevens. Then defensive back Dan Crichton intercepted a Round Lake pass and ran 25 yards to put the Panthers three touchdowns behind.

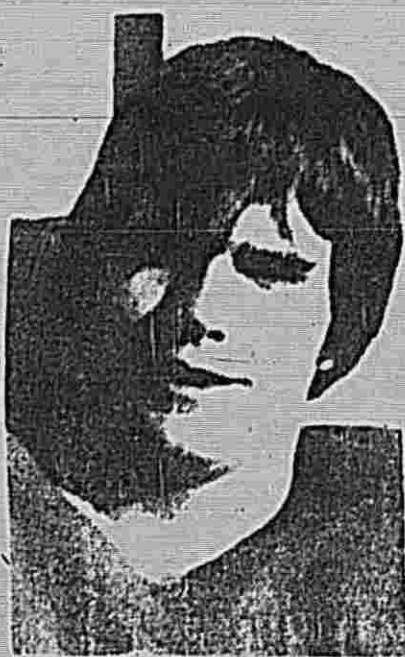

Round Lake closed the gap to 20-6 on a 45-yard run by Richards, only to watch Antioch make it 27-6 on a 65-yard march climaxed by Denis Flaschner's one-yard plunge.

Early in the fourth quarter the Sequoits scored on a 64-yard drive that featured a 29-yard sweep by Stevens and four consecutive carries by Case which covered the last 20 yards.

Antioch's final touchdown came in the final minute when defensive tackle Brent Eastman recovered a Round Lake fumble in the end zone.

"Antioch was the better football team on this day," said Round Lake's coach, Bruce Bartosz. "They played a good game making few mistakes and capitalizing on ours. They were fired up after beating Wauconda and they caught us early. It's tough coming back when you're three touchdowns behind."

Glen Smith will tentatively act as negotiator for the teachers.

Bryan called the agreement "a tremendous step forward."

But he pointed out that the major issue was and still remains whether the board writes policy into teachers' contracts.

"THAT REMAINS the major stumbling block," Bryan said. "Our hope is that the professional negotiator will point out that this is the only way to do business."

## Vote 'no' on the tax dodge

	YES	For the proposed Amendment to Section 5 of Article IX of the Constitution.
X	NO	

From the Chicago Tribune

Those who favor the proposed constitutional amendment on business taxes are crucifying truth on a cross of propaganda. The amendment would postpone indefinitely the present constitutional deadline of Jan. 1 for abolishing and replacing the odious personal property tax on business.

The amendment is being promoted by businesses that get off easy under the present tax, either because they have little in the way of inventory to tax or because they have been able to dodge the tax. They claim that turning down the amendment would result in new taxes on individuals. Wrong. The constitution expressly forbids that. They claim that a replacement tax on business profits would yield less revenue to school districts and municipalities. Wrong again. Because of fairer assessments and surer collection, revenues would increase.

They also claim that municipal bondholders would be in jeopardy. The truth is that the revenue from a replacement tax would be available for all purposes, including the payment of bond interest and principal that would have been paid from the personal property tax on business.

There are others who sincerely fear that if the constitutional amendment is defeated, even more businesses will stop paying the present tax until the courts resolve the issue sometime next year—and that chaos will reign in the interim, with the school districts and municipalities left to starve for revenues.

But that could happen only if the General Assembly were so irresponsible as to fail to pass a replacement measure such as House Bill 2418 before next year. A contrary and more convincing argument, we believe, is that if the deadline is postponed, the General Assembly will simply go on ducking the

### NUTRITION A LA CARTE

• If your clothing seems to be shrinking, you may, in fact, be gaining weight. Tight clothes can be an early warning system that tips you off to what is happening. It's much easier and better to take off five pounds than 15. Just cut the helpings of the food you're already eating and you'll lose five pounds.

• Years ago, ice cream was a delicacy that people enjoyed on special occasions, particularly in the summer. Now it is economically available all year round. Ice cream makes a notable contribution to your nourishment. Proteins, calcium and riboflavin (a B-vitamin) are the main nutrients.

• If vitamin pills are so important, why are people advised not to take them? The answer is that foods properly selected and prepared provide all the nutrients needed for good nutrition. Only a physician can adequately advise you if you have a need for supplemental doses of vitamins.

• Regularly I suggest that people would feel better if they stopped skipping breakfast. To save arguments in the family, have your breakfast "skippers" try eating breakfast for two or three weeks and let them appraise for themselves whether they do or do not feel better in the morning and accomplish more at school or at work.

• Here's some history: Legend has it that cheese was discovered several thousand years before Christ. An Arab traveler, starting a journey, placed milk in a pouch made of a sheep's stomach. During his journey, the sun's heat, plus enzymes in the lining of the stomach, turned the milk into cheese curds and whey.

• Research shows the best diet for physical performance contains about 15% of the calories from protein, 40% from fat, and 45% from carbohydrates. Since this is what the average American eats every day, this means athletes don't need special dietary supplements, just regular wholesome meals.

issue as it has for seven years already, with the excuse that the business community itself can't agree on a replacement formula.

Of course the business community can't agree, because any replacement is bound to yield winners and losers among its members. Tax fairness, sound government, and the integrity of the tax system require that the people nudge a reluctant General Assembly into replacing what nearly everyone agrees is a bad tax. We strongly urge our readers to vote "no" on the personal property tax amendment and thereby to keep the heat on the legislature to enact a replacement by year's end.

# REFLECTIONS ...

## The masculine and the feminine

By LINDA BARNES

The ability of men and women to communicate is surely a concern that occupies much of our adolescent and adult lives.

This is not only a modern-day issue, but seems to have followed man from earliest times to the present.

Men and women, it would seem, spend much of their time trying to understand how the other perceives and experiences the world.

OUR CONCERN WITH the relationship between the sexes is evident in many aspects of our everyday lives. Women get together and discuss their husbands. Men get together and discuss their wives.

Pop-singers croon over the pain and anguish of broken hearts. Male comedians poke fun at the inconsistencies of women. Female comedienne joke of the insensitivities of men.

At times, our complaints against the opposite sex seem to imply basic and inherent differences between men and women.

MAN, BY NATURE, is the outward, the expansive, the explorer, the conqueror, the assertive, the conscious, the rational, the logical.

Woman, by nature, is the inward, the preserver, the unconscious, the emotional, the expressive, the sensitive, the irrational, the intuitive and the tender of the small and detailed in life.

Upon first glance, then, it would seem that the essential character of men and women are diametrically opposed.

A LOGICAL CONCLUSION would then be that despite continual efforts men and women are destined to forever stand apart.

This is puzzling and disconcerting since, for most of us, a most important part of our lives (through not always consciously admitted) is to find a partner with whom we feel comfortable, compatible and understood.

A DIFFERENT PERSPECTIVE, however, presents a more optimistic future for the unification of men and women.

It is possible that man possesses a feminine side, a softer, more emotional and intuitive self -and that women possess a masculine side, an outward, more assertive and expansive self, which exists outside of her traditional roles of wife and mother.

If we consider this possibility, then it is not unrealistic to hope that, once the feminine in man and the masculine in woman are recognized, then man and woman may honestly and genuinely begin to communicate.

### A Message to REPUBLICANS

### from REPUBLICANS

Why are responsible Republicans in increasing numbers supporting Walter Nathan, a Democrat, for State Senator from the 32d District?

First, he will bring vigorous, effective representation to the state Senate for Lake County, something we have been lacking for years. Second, and we think this is very important, the independent Voters of Illinois, after reviewing the qualifications of this very capable young man and the record of his opponent, Karl Berning, **UNANIMOUSLY ENDORSED WALTER NATHAN FOR STATE SENATOR IN THE 32d DISTRICT. IN ADDITION, WALTER NATHAN IS ONE OF THE FEW CANDIDATES FOR PUBLIC OFFICE THAT HAS BEEN ENDORSED BY BOTH THE CHICAGO TRIBUNE AND THE CHICAGO SUN TIMES.**

Here is what Walter Nathan stands for:

- \* He believes the time has come for property tax relief through reducing government spending at the state and local levels, and eliminating and consolidating special taxing districts.
- \* He believes in eliminating government waste and extravagance.
- \* He supports a balanced state budget, vigorous prosecution of welfare fraud and reform of public aid.
- \* He opposes any increase in the state income tax.
- \* He supports a more favorable business climate in Illinois. Too many jobs have been lost to other states and too many industries have been discouraged from locating in Illinois because of the state's outdated and inequitable unemployment compensation and workman compensation laws.
- \* He believes the RTA has shortchanged Lake County in service. He will fight for elimination of RTA funds from this district if the RTA continues to ignore our transportation needs.
- \* He believes that —

**GOVERNMENT CANNOT AND SHOULD NOT DO EVERYTHING, BUT WHAT IT DOES, IT MUST DO WELL AND EFFICIENTLY!**

Now a word about his opponent:

- \* A recent Chicago Magazine survey, published in the Chicago Tribune, rated Walter Nathan's opponent as one of the 10 worst legislators in Illinois.
- \* An Illinois Conservative Union study concluded that Walter Nathan's opponent was the 13th biggest spender in the Illinois Senate and the least frugal Republican of that body.
- \* The opponent has refused to debate Mr. Nathan indicating an unwillingness to have his record scrutinized in a public forum.

The 32d District needs vigorous representation in the Illinois Senate. Split your ticket on November 7 and vote for Walter Nathan for State Senator.

ELECT WALTER R.
